

Cyber Security Advice

Dear EP customers,

Due to recent events in our industry, we want to raise awareness for cyber security.

At EP Equipment we do NOT change our bank information, we do NOT ask you to send money to different bank accounts.

In any way, you have several ways to contact us via phone, Wechat, email, LinkedIn.

Whenever you feel the need to verify information, make sure to use several points of contact and several channels.

Let's continue our growth strategy together and stay secure.

Best regards,
