■ Removable Li-ion battery offering convenience for daily usage

The EFL252X3 is designed around the advantages of lithium technology, equipped with removable 80V/150Ah Li-ion battery as standard and bigger battery up to 80V/280Ah as option. It allows for not only opportunity charging and zero maintenance, but also being laterally pulled and replaced easily, which makes it a helper for rugged environments that lack of charging facilities.

■ All-rounder for both indoor and outdoor usage

The compact EFL252X3 features a small turning radius 2250mm, and its agility ensures handling capacities in tight spaces and narrow aisles. Besides, the EFL252X3 is water-protected and can be operated outdoors, even in the rain.

■ Ergonomic zone for fatigue-free work

The EFL252X3 comes offers a spacious workspace, with a simplified panel, an adjustable steering wheel and a comfortable pedal. All are designed in line with ergonomic considerations for operation comfort.
